

34. (New) A ball according to claim 33 wherein the size of the dimples range between 4 to 10 mm in diameter and 2 to 7.5 mm in depth.
35. (New) A ball according to claim 19 including a raised keel extending proud of the surface and around the perimeter of the surface of the ball, the keel being aligned with or parallel to a join between the smooth portion and the rough portion.

**REMARKS**

The claims have been amended to eliminate multiple claim dependency and to conform them to U.S. practice. No new matter has been introduced by these amendments.

If there is any fee due in connection with the filing of this Preliminary Amendment, please charge the fee to our Deposit Account No. 06-0916.

Respectfully submitted,
